Serving Life –
Fostering Family Growth

+ **Concept**

Each person has a God-given right to a fulfilled life.

He proclaims this in the Gospel and thus it is anchored in our basic constitution.

Families, with their varying compositions, are exposed to ever-increasing demands: they must plan, organize and maintain a fulfilled life for their children.

To this end, they require a social infrastructure which supports them and give them strength.

At the Catholic Center, we offer a place where all family members can learn through opportunities of consultation, education, group meetings and supervision.

Our work is supported by our faith and shapes our behavior towards the children and their families. In addition to the religious emphasis – the fostering of faith – we stress the following core aspects for the families of our social community:

- Development guidance and partnership
- Educational and leisure time opportunities
- Compatibility of occupation and family

+ **Family Education**

- Offers surrounding the birth
- Playgroups / Parent-child groups
- Family workshops / Arts and handicrafts
- Courses for parents / Accompanying parental work
- Specific theme-oriented presentations, offers and information for adults
- Inter-cultural learning opportunities
- Information surrounding the theme of child daycare
- Courses for family members involved with child care
- Further education opportunities for adolescents

+ **Early Childhood Education**
